

Remarks

Drawings

The Examiner has objected to the drawings under 37 C.F.R. §1.83(a) as not showing every feature of the invention specified in the claims. The boss recess, specified in the original application but unlabelled, has now been labeled and included with this response as a replacement sheet containing Figs. 6 and 7. Accordingly, the specification (paragraph [0015]) has been amended in that a reference number has been added to boss recess 37.

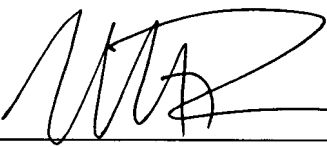

Claim Rejections under 35 U.S.C. §102

The Examiner states that claims 3-4, 6-7 and 12 are rejected under 35 U.S.C. §102(b) as being anticipated by U.S. Pat No. 6138317 to Holmes et al.

The Examiner states that claims 3-9 and 12 are rejected under 35 U.S.C. §102(b) as being anticipated by U.S. Pat No. 3344455 to Pauler et al

In light of these citations and the other prior art now made of the record by the Examiner, the Applicant cancels remaining claims 3-9, amends claims 12 and adds claims 13-19, dependent upon newly amended claim 12.
